

# Ski for Light: Zooming boldly since 1975

## You love cross-country skiing. How about guiding a skier who is blind?

Ski for Light is an all-volunteer organization where anything is possible—even *this* winter. Join us for the 2021 Ski for Light International Virtual Event, January 27-30, and learn how you can share your favorite snow sport with someone who is visually or mobility-impaired.

While we wish we could gather as we have for 45 years, we welcome the opportunity to introduce SFL to a wider audience as we demonstrate our motto: “If we can do this (in a pandemic), we can do anything!” Connect with our extraordinary community, take an adapted fitness class, enjoy some inspiring entertainment... Zoom as you never have before. Details and an application for this free event are posted at [www.SFL.org/events/next](http://www.SFL.org/events/next).

## SFL International Virtual Event: January 27-30, 2021, via Zoom
